## The Hongkong Telegraph

HONGKONG, MONDAY, APRIL 22, 1895.

THE CHAMBER OF COMMERCE  
AND THE SANITARY BOARD.

THE letter from the Chamber of Commerce to the Government on the insatiable condition of Hongkong, dated the 19th October last, which we republished in another column, deserves very careful consideration at the hands of all those who are interested in the sanitation of the colony and in the future of the Sanitary Board. It is of special importance at the moment when the fate of our first essay in the work of local self-government seems trembling in the balance.

The Chamber of Commerce was, of course, entitled to address the Government on the subject of the plague, affecting, as it did, so very seriously the trade and commerce of the colony, and it was not merely their privilege but their duty to call the attention of those in authority to any defects in the sanitation of the colony, and any deficiencies or delinquencies on the part of those entrusted with the duty of safeguarding the health of the inhabitants, and further, in so far as it was within their power, to point out by what measures or in what way any improvements could be effected. But, considering what was going on in October and November of last year in the Councils of the Government, and remembering that the most influential members of the Committee of the Chamber are also members of the Legislative Council, it would not be impertinent to inquire what moved the Chamber of Commerce to take up that particular subject at that particular date, and on whose instigation that letter was prepared and sent in. Was it entirely voluntary on the part of the Committee or was there a suggestion from any member of the Government that the support of the Chamber and its opinion—adverse to the Sanitary Board, if by any chance, such an adverse opinion was entertained by the Committee—would be useful and acceptable?

In October and November last there were many secret meetings of Legislative Councilors and much excellent advice tendered to the Government on many subjects, and one of these was the proposed reformation of the Sanitary Board by the reduction of the number of unofficial members to such an extent as would give an official majority at all times. All the unofficial members of Council supported the Governor or his Colonial Secretary in recommending this proposal to the Secretary of State, who, thank heaven, would not listen to it. We should have said all the unofficial members but one. Dr. Ho Kai stood out strongly against the proposal and helped to defeat it. He had knowledge of the subject, but what knowledge had the others or what steps did they take to ascertain the true facts of the case before advising? No member of the Sanitary Board, and no officer of the Board was questioned on the subject. Was it one or other of the Legislative Councilors who moved the Committee of Chamber to pronounce their condemnation of the Sanitary Board, also without inquiry, and in secrecy? Our readers would be better able to put its true value on this letter and on the opinions expressed in it, if we could inform them a little more fully and a little more accurately as to its inception and authorship. It is for one thing a distinct charge against the Sanitary Board of neglect of duty, flagrant neglect of duty, in regard to the cleansing of the city, when possessed of the amplest powers of legislation and the most complete information from its inspectors and from other sources. It is a repetition of the charges made against the Board at its own table by its official President, after, but not until the Board had turned on the Governor and indignantly repudiated his pretence of ignorance of the sanitary condition of a considerable portion of the city. Those charges were answered there and then by the members of the Board, and most effectively by Mr. MAY. The Board had no power whatever to carry out the smallest improvement, however important; no power to enter houses, no medical officer under its orders, no officers of its own independent of the Government, no money, no men! The Board had asked for both, without success. The Board had reported often and urged the Government to effect certain changes, but the Government would not move. The Board could do nothing but through the Government.

The Committee of the Chamber of Commerce was right in saying that for years there had been no effective administrative sanitary system in the Colony. But whose fault was it? Through the fault of the Government in dragging up the charge of the sanitation between the Public Works Department, the Water Authority and the Sanitary Board, and refusing to give the Board the power to act—they had power enough to legislate—or the men or the money by means of which alone they could act effectively.

## THE PLAGUE AT MACAO.

THERE can no longer be any doubt about the outbreak of plague at Macao being a good deal more serious than the Portuguese authorities have cared to admit. The plague is undoubtedly epidemic in the "Holy City" and the matched plague depots are now in constant use. Whether the plague was, as alleged, introduced to Macao from Canton matters little. The fact remains that several victims of this terribly fatal disease have passed away at Macao during the past fortnight and that others are now lying in a very critical condition, attended by Chinese "doctors" in hospital there. These are facts which any amount of shuffling and prevarication cannot alter and the sooner, therefore, the danger of the spread of this highly infectious disease being imported here is recognised by the authorities and preventive measures adopted the better.

Up to the present time no special precautions have been adopted, and every day the situation is becoming more critical owing to our supply of fresh water having been cut down to the lowest possible quantity consistent with common decency; the failure of the Government to make use of an inexhaustible supply of sea water for flushing purposes, although it could easily have been done years ago, and generally speaking, being in matters sanitary not only offensively meddlesome but actually a penny wise and a pound foolish. Why should we not have had salt water reservoirs on the hill-sides years ago, constantly filled with sea water pumped up from the harbour? The outlook is black indeed and the worst must, we fear, be expected.

## CHINESE INDEMNITY.

LONDON, April 20th.

The indemnity is made payable in seven years, with 5 per cent. added. No interest will be charged if paid within three years. Japan extends most-favored-nation treatment; China conforms to Japanese customs, and to Japanese customs tariff.

## THE OSCAR WILDE SCANDAL.

Oscar Wilde has been charged with conspiracy towards acts of indecency. His associate is charged with the gravest offence. Both have been committed, and both refused.

## THE TERMS FOR PEACE.

TIENSIN, April 14th.

Peace conditions are: 1st, revision of Liaoning Peninsula, including the subprefecture of Newchwang, Kwantung and country eastwards to the Yalu River. The northern boundary to be Liaoyang and the Pailians, eastwards, to be paid within fifteen years. 2nd, Formosa and Pescadores Islands, to be held as guarantees until payment of war indemnity. Twelve months articles on trade, inland revenue, open ports, extrajurisdiction, etc. No limitations to extent of the Imperial Navy of the future. Also a separate article for the settlement of an offensive and defensive alliance between China and Japan, to be settled immediately after ratification of above treaty.

(It will be observed that the above (with the exception of important details already specially "wired" to, and published in this journal) are practically identical with the terms of peace published by us on the 18th inst.—Ed., Hongkong Telegraph.)

(Special to Stain Observer.)

## A MARITIME DISASTER.

LONDON, April 8th.

The Dundrean, from Chittagong to Dundee, has been wrecked in rounding the Cape. She is a total loss, and only three lives have been saved.

## ROYAL RECOGNITION.

April 6th.

In the House of Commons to-night Sir W. Vernon Harcourt will move a resolution embodying the formal regret of the House of Commons at the resignation of Mr. Peel, as well as an address to Her Majesty praying that a signal mark of the Royal favour should be bestowed upon Mr. Peel as a recognition of past services.

## THE PAMIRS.

A Joint Commission is to demarcate the boundaries between the British and the Russian spheres in the Pamirs. The two Powers undertake to exercise no political influence beyond the line so demarcated, while Great Britain agrees not to annex, or establish military posts within, the Afghan territory lying between the new boundary.

## THE TERMS OF PEACE.

The following in reference to the treaty of peace signed a few days ago at Shimonoeki by the Emperor of China "are taken from our Shanghai morning contemporary of the 15th instant." The boundary line of the Manchurian cession to Japan is to run from the mouth of the Yalu River to Sanchea, thence due north to Yuihai and the 41st degree of latitude, along this line to crossing point on longitude 123 deg. E., which crosses the Liao River and includes the entire city of Newchwang. The whole amount of the indemnity is to be paid within two and a half years. Within the first six months one hundred millions are to be paid, and fifty millions every succeeding six months until fully paid up, interest at the rate of 5 per cent, to be charged on all unpaid instalments.

"From a telegram from Li Chin-long we have received confirmation of the news that six of the terms of peace are as follows:—1st.—Independence of Korea. 2nd.—Japan retains all conquered places. 3rd.—Also terms for East of Liaoyang River. 4th.—Formosa ceded to Japan, permanently. 5th.—Indemnity

Hk. Tls. 100,000,000. 6th.—Offensive and defensive alliance between China and Japan. "If these terms have been agreed to there is no doubt that Japan will have to reckon with Russia, as reliable information has been received here that that Power has declared she will not permit the cession of any part of Manchuria to Japan, and the Russian fleet in the waters is already very powerful, she has force enough to compel her wishes being observed. The situation has become very critical from reasons quite unlooked for hitherto."

## LOCAL AND GENERAL.

The British cruiser *Savenn* left here this morning homeward bound, via Singapore.

The British cruiser *London* arrived here late on Saturday evening from Takow (Formosa).

The British cruiser *Gibraltar* left Singapore on the 15th inst. bound for Portsmouth, where she is due on the 23rd proximo.

The returns of the number of visitors to the City Hall Museum for the week ended April 21st, are:—Europeans, 119; Chinese, 1,351; total 1,470.

It is notified in the *Gazette* that Mr. A. Seth has been appointed Deputy Land Officer, Official Receiver, and Secretary to the Squatters' Board, vice Mr. Bruce Shenhard absent on leave.

The appointment, by the Government Independent of the Sanitary Board, of Surgeon-Major Westcott to be Acting Medical Officer of Health and a member of the Sanitary Board is gazetted.

Mr. Henry Norman has been appointed Assistant Editor of the *London Daily Chronicle*, and subsequently was elected to the Council and Committee of Management of the Society of Authors.

At a meeting of the Chefoo Race Club on the 10th inst. it was decided that the race meeting should take place in the last week of September; the resignation of last year's Stewards was accepted, and new officials elected in their stead.

BROADWOOD PIANOS at W. Robinson & Co.

"The plague is unquestionably epidemic at Macao and persons from infected houses in Macao are flocking into the colony and the Sanitary Board has no means to prevent them coming here until the Government issues a special proclamation enabling the Board to take action in the matter."

The situation in Peking is reported by our Shanghai morning contemporary to have become "very critical from reasons quite unlooked for hitherto." "Quite unlooked for" is decidedly good, seeing that extraordinary complications should have been expected to arise when the early settlement of the Korean problem, *et al armis*, was known to be inevitable at least six years ago.

It is believed to be almost a certainty that Spilthead will be visited this summer by a Russian squadron, and it is probable, though not quite so certain, that a portion of the Italian Navy will also visit England. It is more than eighty years since a fleet of Russia visited our shores, and a big naval review was then given in his honour, which, on a smaller scale, will no doubt be the case on this occasion also.

COLLARD & COLLARD PIANOS at W. Robinson & Co.

At the Police Court to-day, before Mr. Wedderburn, H. Taylor, second mate of the British steamer *Bonington*, was charged at the instance of Olaf Johnson, mess-room steward, for assault on the high seas, during a voyage from Java to Hongkong, on the 5th inst. According to Capt. Leighton's evidence the complainant, who had blackened eyes and a swollen face, made a report to him that he was assaulted. A fine of \$15 was imposed.

By an Imperial decree, dated the 16th instant, Po Niu has been appointed Tartar General of Canton to succeed Kai' Kah, who was ordered to return to Peking. Tam Chung Lin, Viceroy of Szechuen province, has been appointed Viceroy of two Kwang provinces to succeed Li Hanchang who is ordered to retire on account of some charges brought against him by two Censors. Luk Foo Lam, Governor of Shen-si province, has been appointed Viceroy of Szechuen. Tam Chao Lun, being Viceroy of Min-chip provinces, was ordered to Szechuen some time ago to be Viceroy of that province, but he is still at Fochow. It is probable he will go to Szechuen but will proceed direct to Canton.
